

Since its foundation in 2016, RS CLASS has striven to promote the safety of life, property and the natural environment, through the development and verification of standards for the design, construction and maintenance of marine related facilities. Its activities have been widely and successfully expanded to the industrial sector, and to new activities concerning the quality system certification, the environmental management systems and the safety management certification

Safety and pollution prevention at sea may be effectively enhanced by strictly applying international conventions, codes and resolutions, while broadening the perception that safety and productivity should never be seen as opposing or mutually excluded objectives.

RS Class has established its Quality Management System based on the International Standard ISO 9001:2015 which is in line with relevant regulations in force.

The RS Class Top Management in the frame of its commitments:

- Determines and manages the numerous link activities needed, in order to enable the transformation of inputs into valuable outputs, thus establishing the necessary “process approach”
- Reviews and improves the process approach and procedures followed for improving the effectiveness of the quality system to enhance customer satisfaction by meeting customers’ requirements.
- Establishes measurable quality objectives for providing our customers with clear, reliable, accurate impartial and speedy services giving to safety and pollution prevention the highest priority.
- Provides the necessary resources for the productive and effective function of all company’s departments.
- Invests in the continuous awareness and training of the personnel to enhance quality in every activity.
- Ensuring that quality policy is well understood and adopting the principle of continuous improvement.
- Recognizes and awards teamwork as well as every individual effort leading to improvement.
- Ensuring that our Organization’s Rules and Regulations, as well as its Quality Management System updated in a systematic manner.

On behalf of RS Class I undertake the obligation to implement the quality policy throughout the Company and to observe all its provisions.

Piraeus, 1 October 2016

Ch. Bilias- Chairman
